Utility Type: all

Company Name: Comcast, Virginia Power, - all above ground utilities in Arlington

Comments: The invitation to comment was received on September 3. Our civic association meets once a month with our next meeting scheduled for the end of September. I strongly urge you to reschedule the deadline date for comments to allow for better community input, not just our area but for Arlington as a whole. Our community is plagued with power outages because of above-ground utilities. Last year many residents were without power for up to seven days. It is high time a feasibility study is done to correct the problem. To do this in a hurry and without thorough community input is really not acceptable procedure by our state government and elected officials.
